

Braincalm™ Intensive Weekly Tracking Sheet

for Classroom Teachers & Braincalm™ Intensive Practitioners

In order to keep track on how the pupil is responding to the Braincalm™ Intensive program we recommend that you keep some short notes and observations during the sessions and fill in the 'weekly section' below. **Complete it at the end of each week.** Please touch base with the class teacher weekly for his/her comments also. This is really important- we need to know how participation in the Braincalm™ Intensive Program is improving the child's learning in the classroom.

PLEASE NOTE ANY CHANGES IN ATTENTION, BEHAVIOUR, WRITING & GENERAL PARTICIPATION IN SCHOOL WORK- no matter how subtle or small the change!

*** Please print off a copy of this tracker for each block****
